The Bank as a Rebuilder

In place of a 2 per cent loss on an investment of \$40,000 a large New York savings bank is now getting 4 per cent profit on an investment of \$40,000, because it had the good business judgment to invest \$40,000 in rebuilding a group of 40-year-old tenement houses on the lower East side which it was forced to take over on mortgage foreclosure, says an article in the American Business Association Journal. A year or two ago the owner, who had always kept up his mortgage payments, began to neglect the property. It became run down and the tenants began to leave.

The bank remedied the buildings completely, putting in an elaborate heating plant, elevators and other modern changes, with the result the buildings are now selling rapidly, and there is \$25,000 a year coming in instead of several thousand going out. At that rate the mortgage will pay for itself in a few years.

This same bank has 15 other properties in the city which it is rebuilding. It is estimated that it will have a profit of \$100,000 on the \$400,000 it has invested in the city.

Greenland's Fisheries. The good ice cap that covers all but a small coastal strip of Greenland to an average depth of 5,000 feet is responsible for the fisheries. As the great glaciers that form the ice cap melt, the water that flows out of the ice cap into the sea is fresh and cold. This water is so cold that it keeps the fish from migrating southward, and the fish are kept in the cold water all year.

Improved Pasture Pays. Improved pastures are a cheap source of food for stock. A farmer in New Hampshire, cooperating with his county agent, has treated his 40 acres of pasture with 500 pounds of complete fertilizer at a cost of \$15. The result has been a 50 per cent increase in the yield of the pasture. The farmer has also increased the yield of his hay by 50 per cent.

Two-and-a-Half-Mile Area. Considerable confusion exists over the question of just what is the small republic in the world. New sources and materials have been found in the Anderson and San Marino in this connection. As a matter of fact, neither of these is the name of the republic. The most distinctive thing about Anderson is not the name of the republic, but the fact that this country is the Prussian mountains on the Franco-Spanish border has 100 square miles in contrast to San Marino's 28 square miles.

Blind Readers Get Books. Very little is known about the origin of the book. Even the word "book" is not their own but was borrowed from them by their Indian neighbors south of the Arctic circle. For a long time they were regarded as a primitive people. The Indians, however, were not so primitive as they were first thought. They had a highly developed culture and a rich literature.

When You're The Loser. When you allow Headache, Neuralgia, Pain to keep you from work or pleasure. You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money? DR. MILES' ANTI-PAIN PILLS have been used for more than forty years. They are the only pills that leave no dull, depressing feeling. Thousands have used them for twenty, thirty, forty years, and still find that nothing else so promptly relieves pain so promptly and effectively. Why don't you try them? Once you know how pleasant they are to take, how quickly they relieve you, you will want to go back to disagreeable, slow acting medicines.

Miraculous Blooming of Lily Reported. Rome—A strange story of a miracle comes from a village in the Abruzzi mountains. A Catholic priest, Father Bonetto, the mayor of the village, in the presence of the congregation, took three lilies, placed them in the hands of three boys, and said: "I command you to bloom." The lilies bloomed.

It is the custom to place a lily in the left hand of the saint on June 1st of each year. Through this day a few days it is reported that a lily since the year 1880 it has come to be a tradition to place a lily in the left hand of the saint on June 1st of each year.

\$500,000th Visitor to World's Fair Exhibit Sees New Display

The nine-millionth visitor to the Firestone Factory and Exhibition Building at the World's Fair is shown receiving a certificate for a free ride on the Firestone Anti-Freeze Flowing Tires. The background looks very old, but it's a new display showing Firestone Anti-Freeze Flowing Tires at 20 degrees below zero. The winner is C. D. Smith, manager of the Firestone building.

Family Outwits Swarm of Bees in Week's Siege

Winnipeg, Man.—Driven from upper and downstairs and finally struggling to maintain their household in the kitchen, H. Bandy and family, who live on a farm near Birtle, Man., are recovering from a week's battle with a swarm of bees.

The bees flew in a week ago, making their first stop on the roof of the Bandy home. For some time they caused no trouble, but as their numbers increased they invaded the bedrooms, tearing beds and drawers.

The Bandy family were forced to make their last stand in the kitchen when the bees followed them to the lower floor. Realizing the propensities for pursuit which bees have, the Bandy family retired into the open. Falling into the trap, the bees followed, and now the Bandy home is free of bees.

Corpse Is Thrown Out as Truck Hits Hearse. Newark, N. J.—A gruesome accident occurred as a funeral cortege was proceeding with the body of Mrs. Mary Sullivan to the Holy Sepulchre cemetery.

The hearse, hit by a heavy truck coming down a hill towards it, was rolled over on its side, the casket opened and the body thrown out into the interior of the hearse.

It is estimated that the body of the deceased was thrown out of the hearse and landed in the street. The truck driver was not injured.

Moons of Planets. Jupiter has four small moons, Saturn has ten, while Mars has two, so far as is known. It is estimated that there are about 100 moons in the solar system.

Father DARKLEAF'S Column

Amid a world of grief, this, the darkest of days, is a day of hope. It is a day when the spirit of the NEW Deal is being felt by the people of this country.

Dr. Christian showed us this week a rare old Washington newspaper published in March 1853. There was no Huey Long in the senate then, but some how the nation struggled along.

I've never been able to figure out the why's and wherefore's of federal tax refunds. Over 100,000 individuals got nice checks from Uncle Sam last year under the label of refund. Even Ogden Mills figured his own tax \$50,000 of the papers do say.

People who can't keep the dollars and cents straight sound like big timers when they talk in terms of billions. Saw the other day where a certain Hollywood star was broke and owed the government over \$100,000 tax. Then when the tax refund list was published this week, that star was listed for a nice cash refund.

They ought to get together on a compromise and at least call it square. Tax refunds and air mail contracts are as puzzling to me as the whereabouts of a frisky flea.

Fourteen were given awards this week following a series of classes conducted under the auspices of the local chapter. These classes were for CWA workers and were materially beneficial.

Ex me. Pupils of the schools have been having problems this week as what 12 times 7 might be, what's the whereabouts of Timbuktu and who killed Robin Hood!

It's been examination time coming after one half of the year's course of study. The group meetings held at the Methodist church here on Monday nights are proving a splendid success. The singing group is under the direction of Mr. Welch; the Bible study group under Rev. F. H. Mead; and the book club Mrs. H. C. Staples.

Tobacco Marts Are Opened

Tobacco markets opened Monday of this week, with prices fairly low. As a rule farmers feel disappointed over the low prices offered as the holiday had set up hopes for nearer a living crop return.

A large percentage of the tobacco was passed by without a bid; therefore published averages don't tell the whole story. Some good prices were reported, one or two piles being quoted as high as \$24. The average, however, would be around \$6.

Just what was done about this year's crop nobody seems to know. The government stepped in and helped the bright tobacco farmer, and times are flourishing around Danville where some \$7,000,000 has just been placed in circulation.

The government offered reduction as a boon to the dark tobacco grower, with benefit payments just how this will run out another season alone can tell.

County News. Mr. and Mrs. B. W. Harvey, and family, were Sunday guests of Mr. and Mrs. W. J. Smith at their home in Lynchburg.

Repairing County C. House

The court house at Appomattox is having its "face lifted." Scaffolding has been constructed all around the building and a new front porch and cornice work and repairs will be added.

Due to cutting down of CWA time, the repairing has been delayed this week to such an extent that it is feared it can not be finished on the original schedule.

In the above event either the time will have to be extended or the county will have to finish the project.

W. C. T. U. The Appomattox Union of the W. C. T. U. met last Tuesday in the home of Mrs. W. M. Thompson, the meeting being held at 11 A. M. and continuing until four. At 12:30 a delightful buffet luncheon was served.

The morning was taken up with committee meetings and other business of the organization. In the afternoon an interesting program was conducted by the president, Mrs. R. C. Wanger. The devotional was led by the Rev. W. K. Cunningham.

The various phases of the work were discussed, which consisted of Child Welfare, Temperance, Peace, Flower and Missions, Social Purty, Christian Citizenship, etc.

Monthly Meeting of U. D. C.

The monthly meeting of the Appomattox Chapter of U. D. C. met Thursday afternoon in the home of Mrs. E. E. Gills, Mrs. Lloyd Cates being joint hostesses. The president, Miss M. Anna Jones, presided.

Mrs. Collins a sister of the late Nathaniel Gregory, a soldier of the War Between the States, was unanimously voted an honorary member of the chapter.

Mrs. C. F. James, Mrs. D. N. Twyman and Mrs. Lloyd Cates were appointed as the standing hostesses.

A letter was read from Mrs. Flo Jamerson Miller, of Illinois, in which she wished to express appreciation of the fact the local chapter gives the federal soldier's grave at the Confederate Cemetery the same attention and care given to the Confederate soldiers.

The historical part of the program consisted of a reading of a play, "The Spirit of the Old South," by Mary Taylor Old South, for which she won the Parker prize in the fall. At the conclusion of the program the hostesses served refreshments.

Legislature Runs Into Dilemma on Mooted Problems

Redistricting State Roads; Movie Censorship; Liquor; Among Issues of the Week. The general assembly of Virginia has run into legislative snafus this week.

The redistricting problem is such a dilemma that congressmen to be elected this year may have to be once again named "at large."

Some claim that reduction of auto license fees will seriously hamper the road program of the state. However the cut was promised in the party platform and will no doubt materialize.

A move to eliminate the auto license fees has been started and has gained some headway.

Gilliam Shepherd. Dillwyn, Jan. 25.—Luther P. Gilliam and Miss Susie Beatrice Shepherd, both of Dillwyn were married last Thursday morning. The ceremony being performed by the Rev. C. Edward Burrell.

Whereas, he gave of himself most generously in time for our cause and the welfare of his brother farmers; and, WHEREAS, he was a most helpful influence for good in his community and the County, upholding in his unpretentious way the ideals of the Master and bringing confidence and help through his sympathy and understanding;

WHEREFORE, it is resolved: That we, the Appomattox County Tobacco Growers, do deeply and sincerely mourn his loss.

That we express to the bereaved family our heartfelt sympathy and assure them of our prayers and best wishes for the future.

That a page in the County meeting minutes be devoted to his memory and that a copy of these resolutions be sent to the bereaved family and published in the county paper.

By order of the meeting held on January 13, 1934. Committee: B. G. Anderson, R. B. Huggins, Wiley F. Moore, W. T. Childers.
